

PATH TO PRO
SKILLS EXPLORERS

Where Curiosity Builds Trade Skills

Help Students Discover Hands-On Careers

Skills Explorers, Path to Pro's youth curriculum, is designed to spark curiosity through trade exploration, engaging learning experiences and hands-on activities that build awareness of career opportunities in the skilled trades.

Start the Journey with Skills Explorers!

- Introduce students ages 11 to 17 to in-demand trade careers and skills through engaging, real-world activities
- Create early awareness of trades career pathways through facilitator-led learning experiences
- Explore careers where hands-on skills remain essential alongside AI and emerging technologies
